

20FT SHIPPING CONTAINERS / NEW SHIPPING CONTAINERS

20FT New Shipping Container - One Trip

LEN-P-000686

One loaded voyage from the factory is the entire service history of this container. That is what one-trip means, and it is why the unit arrives in near-new condition: structure intact, minimal wear, none of the cumulative damage a box picks up over a working decade at sea.

GRADE

one-trip new container, minimal handling to date

SHELL

CORTEN weathering steel, specified for corrosion resistance

DECK

marine-grade hardwood - 28mm thick, 19-ply Keruing-Apitong

Standards	ISO-compliant, cargo-ready
External dimensions	20' L × 8' W × 8'6" H
Internal dimensions	19'4" L × 7'8" W × 7'10" H
Door opening (W × H)	7'8" × 7'5"

TECHNICAL PROFILE / CONTINUED

20FT New Shipping Container - One Trip

DETAIL	PUBLISHED SPECIFICATION
Tare weight	4,820 lbs
Max payload capacity	62,380 lbs
Gross weight rating	67,200 lbs
Construction material	CORTEN steel
Floor material	Marine-grade hardwood, 28mm thick
Vents	4 weatherproof passive vents
Locking system	36" bars with lockbox
Forklift pockets	Yes - reinforced steel access
Long service life	where the weather is extreme - coastal, industrial and inland sites alike
A hardwood floor that shrugs off moisture	, carrying heavy-duty loads without rotting or denting under impact
Vents that keep working while the box sits	, so humidity does not build up inside during static storage
Resistance to theft and tampering	, from the reinforced locking system and the enclosed lockbox
Machine handling	, because the forklift pockets make both deployment and relocation straightforward

A CLOSER LOOK

APPLICATION & FIT

Storage, freight handling or the stated container application

Selection checks: Check cargo dimensions against internal size and door opening.; Prepare level supports and adequate delivery and handling space.; Review the stated condition, floor, doors and any specialist equipment..

Does the nominal container length describe usable space?

Nominal length identifies the container format. Internal dimensions and door opening are the relevant checks for cargo fit; use the listed values or request the unit drawing.

Can the unit be used for international freight?

Storage suitability and shipping acceptance are different checks. Where freight service is required, verify the unit identification, condition and applicable inspection documentation.

How are delivery and after-sales terms confirmed?

Delivery charges, availability, return conditions and warranty coverage follow the current company policies and the confirmed order. Use the product reference when contacting the sales desk.
