

40FT SHIPPING CONTAINERS / NEW SHIPPING CONTAINERS

40FT New Shipping Container (One-Trip)

LEN-P-000692

The specification answers a buyer who needs a structurally sound, export-ready, professionally finished unit for direct deployment in construction, logistics or modular fabrication.

CONDITION

new, one-trip, a single cargo trip completed

MATERIAL

CORTEN steel, for corrosion resistance and extended life

FLOORING

19-ply marine-grade plywood at 28mm, durable and moisture-resistant

40FT New Shipping Container (One-Trip)

Published product information. Check the final configuration, supplied equipment and unit-specific documents against the confirmed order.

DETAIL	PUBLISHED SPECIFICATION
Product reference	LEN-P-000692
Product category	40ft Shipping Containers / New Shipping Containers
Condition	new, one-trip, a single cargo trip completed
Material	CORTEN steel, for corrosion resistance and extended life
Flooring	19-ply marine-grade plywood at 28mm, durable and moisture-resistant
Ventilation	four weatherproof passive vents controlling airflow
Security	integrated steel lockbox taking a padlock
Handling	forklift pockets for ground-level repositioning
CORTEN steel construction.	Rust and corrosion are resisted over extended use, including in coastal, humid and industrial zones.
Marine-grade plywood floor.	Keruing-Apitong plywood, 19-ply and 28mm thick, engineered for high load-bearing capacity and against warping or delamination.
Locking and security features.	A welded steel lockbox plus dual heavy-duty 36" locking bars, for unsecured or remote locations.

TECHNICAL PROFILE / CONTINUED

40FT New Shipping Container (One-Trip)

DETAIL	PUBLISHED SPECIFICATION
Ventilation and condensation control.	Four passive weatherproof vents cut interior moisture accumulation and improve air circulation.
Forklift compatibility.	Built-in pockets allow safe, balanced movement on standard equipment.
Exterior (L × W × H)	40' × 8' × 8'6"
Interior (L × W × H)	39'5" × 7'8" × 7'10"
Door opening (W × H)	7'8" × 7'5"
Tare weight	7,935 lbs
Payload capacity	59,265 lbs
Gross weight rating	67,200 lbs
Export and shipping.	ISO and CSC criteria are met for immediate intermodal freight use across rail, road and sea transport systems.
Construction and commercial storage.	Tools, equipment and site materials stay secure in a relocatable unit that takes jobsite conditions.
Modular conversion.	Clean floors, steel walls and full container integrity form a base for upfitting into mobile workspaces, office modules, retail units or shelters.
Long-term on-site installation.	Static storage on distribution yards, farms, manufacturing sites and infrastructure projects that need weatherproof protection.

A CLOSER LOOK

APPLICATION & FIT

Storage, freight handling or the stated container application

Selection checks: Check cargo dimensions against internal size and door opening.; Prepare level supports and adequate delivery and handling space.; Review the stated condition, floor, doors and any specialist equipment..

Does the nominal container length describe usable space?

Nominal length identifies the container format. Internal dimensions and door opening are the relevant checks for cargo fit; use the listed values or request the unit drawing.

Can the unit be used for international freight?

Storage suitability and shipping acceptance are different checks. Where freight service is required, verify the unit identification, condition and applicable inspection documentation.

How are delivery and after-sales terms confirmed?

Delivery charges, availability, return conditions and warranty coverage follow the current company policies and the confirmed order. Use the product reference when contacting the sales desk.
