

40FT SHIPPING CONTAINERS / USED SHIPPING CONTAINERS

40FT Used Open Top Shipping Container

LEN-P-000719

The roof comes off. Detachable roof bars and a removable tarp open the full height of the box, so freight drops in vertically by crane instead of being pushed through the door end. That is what the 40FT Used Open Top Shipping Container is engineered for: vertical loading, oversized freight and crane-access cargo operations. The shell is CORTEN anti-corrosive.

CONTAINER TYPE

40-foot open top - used

CONDITION

**Wind and water tight,
cargo-worthy with minor cosmetic
wear**

AGE RANGE

**10-14 years old, with structural
certification available upon
request**

Reinforced flooring and side rails	withstand repeated industrial loading cycles
Surface oxidation and light dents	are cosmetic only, with no effect on container performance
moisture-resistant plywood floor	istant plywood floor holds up over the long term

A CLOSER LOOK

APPLICATION & FIT

Storage, freight handling or the stated container application

Selection checks: Check cargo dimensions against internal size and door opening.; Prepare level supports and adequate delivery and handling space.; Review the stated condition, floor, doors and any specialist equipment..

Does the nominal container length describe usable space?

Nominal length identifies the container format. Internal dimensions and door opening are the relevant checks for cargo fit; use the listed values or request the unit drawing.

Can the unit be used for international freight?

Storage suitability and shipping acceptance are different checks. Where freight service is required, verify the unit identification, condition and applicable inspection documentation.

How are delivery and after-sales terms confirmed?

Delivery charges, availability, return conditions and warranty coverage follow the current company policies and the confirmed order. Use the product reference when contacting the sales desk.
