

Fixed Gooseneck Lowbed Semi-Trailer

LVN-TRL-014

Fixed Gooseneck Lowbed Semi-Trailer is intended for construction machinery and heavy equipment movement. A lower working deck helps accommodate tall equipment and supports loading plans for heavy machinery.

PRODUCT NAME

**Fixed Gooseneck Lowbed
Semi-Trailer**

TARE WEIGHT

11500KG

RATED PAYLOAD

55000KG

Fixed Gooseneck Lowbed Semi-Trailer

Published product information. Check the final configuration, supplied equipment and unit-specific documents against the confirmed order.

DETAIL	PUBLISHED SPECIFICATION
Product reference	LNV-TRL-014
Product category	Low Bed Semi-Trailers
Product Name	Fixed Gooseneck Lowbed Semi-Trailer
Tare Weight	11500KG
Rated Payload	55000KG
Gross Vehicle Weight	71500KG
Main Beam	Top flange 18mm, bottom flange 20mm, web plate 12mm
Axles	3 × 16T
Tires	12 × Triangle 12R22.5 tubeless tires
Wheel Rims	12 × 9.0, 16mm
Leaf Springs	10×90mm×13mm
Landing Gear	28T
Kingpin	90# JOST
Brake Valve	WABCO
Suspension	Mechanical suspension

A CLOSER LOOK

APPLICATION & FIT

Construction machinery and heavy equipment movement

Selection checks: Equipment operating and transport mass; Deck width, length and height; Ramp dimensions and loading angle; Wheel or track load positions; Tractor, route and clearance requirements.

What configuration does this listing describe?

The technical table reproduces the manufacturer-listed equipment for this model. Where alternative components or sizes are listed, the order specification must identify the selected option.

How should I assess the working load?

The manufacturer lists 55000KG. Match the actual load to the documented trailer rating, axle and tire limits, tractor capability and route requirements. A supplier capacity figure alone does not establish the permitted road payload.

What information is needed to select the right version?

Provide equipment operating and transport mass, deck width, length and height, ramp dimensions and loading angle, together with the delivery ZIP code and the intended operating route. This allows the configuration and delivery plan to be checked against the job.

What is included with delivery?

The confirmed order identifies the trailer specification, supplied accessories and delivery scope. Delivery charges and eligibility follow the company shipping policy; do not assume an optional pump, compressor, hydraulic kit or other accessory is included unless specified.

What should I check for US use?

Verify the model-specific identification and certification documents, import eligibility and registration requirements before ordering for US road use. Published supplier specifications do not establish US approval.
