

LOW BED SEMI-TRAILERS

14m 3-Axle Gooseneck Low Bed Trailer

LVN-TRL-015

14m 3-Axle Gooseneck Low Bed Trailer is intended for construction machinery and heavy equipment movement. A lower working deck helps accommodate tall equipment and supports loading plans for heavy machinery.

PRODUCT NAME	RATED PAYLOAD	LOW DECK SIZE
14m 3-Axle Gooseneck Low Bed Trailer	40,000 kg	10,750 × 3,000 mm (L × W)

14m 3-Axle Gooseneck Low Bed Trailer

Published product information. Check the final configuration, supplied equipment and unit-specific documents against the confirmed order.

DETAIL	PUBLISHED SPECIFICATION
Product reference	LNV-TRL-015
Product category	Low Bed Semi-Trailers
Product Name	14m 3-Axle Gooseneck Low Bed Trailer
Rated Payload	40,000 kg
Low Deck Size	10,750 × 3,000 mm (L × W)
Deck Height from Ground	1,050 mm
Ramp Size	2,700 × 850 mm (L × W)
Main Beam	Top Flange 20mm, Bottom Flange 20mm, Web Plate 10mm
Axles	3 × 13T
Tires	12R22.5
Wheel Rims	12 × 9.0, 16mm
Suspension	Mechanical Suspension
Leaf Springs	10 × 90mm × 16mm
Kingpin	JOST
Brake Valve	WABCO
Landing Gear	28T
Ramp	Spring-assisted Ramp

A CLOSER LOOK

APPLICATION & FIT

Construction machinery and heavy equipment movement

Selection checks: Equipment operating and transport mass; Deck width, length and height; Ramp dimensions and loading angle; Wheel or track load positions; Tractor, route and clearance requirements.

What configuration does this listing describe?

The technical table reproduces the manufacturer-listed equipment for this model. Where alternative components or sizes are listed, the order specification must identify the selected option.

How should I assess the working load?

The manufacturer lists 40,000 kg. Match the actual load to the documented trailer rating, axle and tire limits, tractor capability and route requirements. A supplier capacity figure alone does not establish the permitted road payload.

What information is needed to select the right version?

Provide equipment operating and transport mass, deck width, length and height, ramp dimensions and loading angle, together with the delivery ZIP code and the intended operating route. This allows the configuration and delivery plan to be checked against the job.

What is included with delivery?

The confirmed order identifies the trailer specification, supplied accessories and delivery scope. Delivery charges and eligibility follow the company shipping policy; do not assume an optional pump, compressor, hydraulic kit or other accessory is included unless specified.

What should I check for US use?

Verify the model-specific identification and certification documents, import eligibility and registration requirements before ordering for US road use. Published supplier specifications do not establish US approval.
