

DUMP SEMI-TRAILERS

3-Axle Rear Dump Semi-Trailer

LNV-TRL-044

3-Axle Rear Dump Semi-Trailer is intended for aggregates and suitable bulk materials for controlled tipping. A tipping body supports unloading through its specified hydraulic and gate arrangement.

PRODUCT NAME

3-Axle Rear Dump Semi Trailer

TARE WEIGHT

7200KG

RATED PAYLOAD

30000KG

Published product information. Check the final configuration, supplied equipment and unit-specific documents against the confirmed order.

DETAIL	PUBLISHED SPECIFICATION
Product reference	LNV-TRL-044
Product category	Dump Semi-Trailers
Product Name	3-Axle Rear Dump Semi Trailer
Tare Weight	7200KG
Rated Payload	30000KG
Gross Vehicle Weight	37200KG
Box Dimensions	8500*2550*3400mm
Main Beam	Upper wing plate: 8mm Web plate: 6mm Lower wing plate: 10mm
Axles	3 ×13T
Tires	6×385/65R22.5
Wheel	6 × 11.75*22.5mm
Landing Gear	28T
Kingpin	50/90
Brake Valve	WABCO
Suspension	Airbag suspension
Lamps	24V LED

A CLOSER LOOK

APPLICATION & FIT

Aggregates and suitable bulk materials for controlled tipping

Selection checks: Material type and density; Body volume and construction; Hydraulic supply and tipping arrangement; Tailgate or side-door operation; Unloading surface and clearance.

What configuration does this listing describe?

The technical table reproduces the manufacturer-listed equipment for this model. Where alternative components or sizes are listed, the order specification must identify the selected option.

How should I assess the working load?

The manufacturer lists 30000KG. Match the actual load to the documented trailer rating, axle and tire limits, tractor capability and route requirements. A supplier capacity figure alone does not establish the permitted road payload.

What information is needed to select the right version?

Provide material type and density, body volume and construction, hydraulic supply and tipping arrangement, together with the delivery ZIP code and the intended operating route. This allows the configuration and delivery plan to be checked against the job.

What is included with delivery?

The confirmed order identifies the trailer specification, supplied accessories and delivery scope. Delivery charges and eligibility follow the company shipping policy; do not assume an optional pump, compressor, hydraulic kit or other accessory is included unless specified.

What should I check for US use?

Verify the model-specific identification and certification documents, import eligibility and registration requirements before ordering for US road use. Published supplier specifications do not establish US approval.
